Tel: +612 8823 3100

**About Anteo**

**Anteo Diagnostics** is an Australian company specializing in the design and assembly of multi-component coatings for the solid phase of immunoassay and the use of those coatings in biomarker development. Anteo's proprietary coatings bind, orient and protect proteins such as antibodies in specific ways that enhance functionality. This results in dramatically improved immunoassay performance such as better sensitivity, and cost savings such as batch-to-batch reproducibility. Anteo applies its coatings to develop novel biomarkers for a range of diseases. Anteo works with many types of solid phase materials and formats, like beads of different kinds, membranes and plates. For more information, visit [www.anteodx.com](http://www.anteodx.com).
